Less than Greater than, Equal to

Ankit has
5 mangoes.Ankush has
3 mangoes.5 is greater than 3. In short, we write it as $5 > 3$ $>$ is the sign for greater than.

The broader end always points towards the greater number.

3 is less than 5. In short, we write it as $3 < 5$ $<$ is the sign for less than.

The pointed end always points towards the smaller number.

Out of the five mangoes,
Ankit gives one to Ankush.

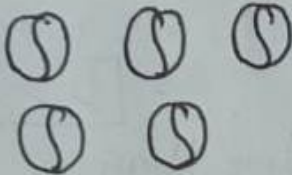

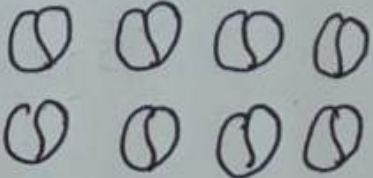

Now, each of them has four mangoes.

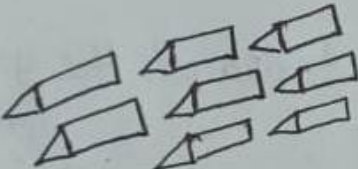

Thus, both have equal number of mangoes.

we write it as $4 = 4$ The sign for equal to is $=$.
